

RED TRACK

Teams are broken into seven pools of four. Three pools of teams will race on the Red Track. Each team will race three (3) times against the three other teams in their pool. Each pool winner automatically qualifies for the championship round shown in the bracket below. Winner of each pool is determined by best record, then head-to-head results, then best time in the event of ties. The wildcard spot is reserved for the fastest overall non-automatically qualifying team.
